

## Summer nights

The sparkling blue sky is bright  
The clouds are fluffy and white  
Like an artist took time to perfect  
a day that is so picturesque  
The air stays quiet for the children at play  
to start their lives in the most magical ways  
Ice cream trucks full of colorful pops  
Crayon Drawings that will make your eyes stop  
in these moments there's no time for waiting  
No time for stopping and contemplating  
These are the days full of oceans and tans  
And fingers and toes that are covered in sand  
There are never cares, nor worries  
During these months there are never ice flurries  
Because this season is a time  
For warm pools and summer nights  
It was made for friends driving together,  
their Music blasting in the perfect weather  
Windows down the lights are flying  
And everyone's smile is shining  
Neon signs in diners that smell of old-school fast food  
adventures of life are starting to overcome you  
And as the sun sets in the west  
I think that these times will be our best  
So now whenever I think of summer  
I will think of this one, for its one to remember
